BENEFITS

Customer service

From our Photo Day staff to our full-time office staff we can help! Scheduling teams, communicating with clients. Kind friendly service and high quality products is our utmost priority!

League kickback

If your league would like to have a dollar amount kickback, an additional fee will be added to each package of \$2.00 as a League fundraiser. Then given back to the league. Our package prices won't change to hide fees, as clients are in multiple leagues.

Coach gift

Each coach will be asked to schedule their team and deliver the pictures from the league to their players. As a thank you, we like to offer a free team photo for each coach and assistant coach.

Delivery process

Depending on the size of the league, finished portraits take 10-15 business days. Picture packets of every player will be delivered to the league to hand out to the coaches to disperse.

If a player does not place an order by picture day, there is one last option. Inside the delivered picture packet is instructions on how to order online. A QR code, along with an Access code.

HOW IT WORKS

Scheduling

Once your photo date is scheduled, we gather team information. Working with your league secretary for rosters and parent contact information. Our team can take care of communication with coaches to schedule photo day.

Online ordering

An intuitive marketing system is set in motion for communication to families. Order information, team schedule, details on what to bring and wear, plus photo day reminders.

Photo Day

all pictures are taken indoors. Parents check their child in at our table, get their ticket, and head to one of our camera stations. Individual and team photos are taken, and the player is finished. No need to wait for the whole group.

Team pictures are graphically created with each child's individual picture.
